COVID-19 NOTICE

We are closely monitoring the Coronavirus (COVID-19) situation. Our primary concern is the health and safety of our students, faculty and staff. In response to the Centers for Disease Control (CDC) Federal Government guidelines, as well as the Colorado State guidelines, regarding COVID-19, Spring International Language Center classes are now being offered online only. We are continuously evaluating the situation, and we will switch to our usual person-to-person on-site classes in accordance with the advice and guidance from our local, state and federal government authorities.

While all classes are currently offered online, students can contact our offices via email or by phone if they have any questions or if they need any assistance.
